

Test Your Eyes Daily

- 1** Place this chart (on reverse) at eye level in a well-lit area.
- 2** Stand about 14 inches away.
- 3** Wear your reading glasses and fully cover one eye.
- 4** Focus on the center dot for one full minute. First do one eye, then the other.
- 5** Call your doctor if any lines or squares are wavy, blurred or missing.
