

**Prevent
Blindness**

Our Vision Is Vision.

Annual Report
2025

Message from the Board Chair and CEO

We are deeply grateful for the remarkable progress Prevent Blindness has made in 2025 to advance our mission: to prevent blindness and preserve sight. This past year brought transformational growth, new partnerships, and powerful moments of impact. Each of these milestones was made possible by our dedicated supporters, volunteers, affiliates, and staff.

Prevent Blindness received a historic \$9.7 million legacy gift from the Estate of Pamela Behrens, the largest in our 117-year history. This extraordinary act of generosity stands as a testament to the connections Prevent Blindness has made and its impact across past decades. The gift significantly strengthens our ability to expand vision health programs and deepen our commitment to ensuring equitable access to eye care for all.

Through our advocacy work, we were proud to support the **reintroduction of the Early Detection of Vision Impairments for Children (EDVI) Act** in the 119th Congress. This bipartisan legislation seeks to strengthen early childhood vision screening and care coordination systems nationwide, ensuring that every child has the chance to see a bright future.

The **14th Annual Focus on Eye Health Summit**, themed “*Perspectives in Vision*,” once again brought together leaders across disciplines to share insights on the future of eye care and innovation. In addition, Prevent Blindness and the **National Center for Children’s Vision and Eye Health at Prevent Blindness (NCCVEH)** continued to educate the public and professionals through webinars and initiatives, including special outreach around amblyopia and eye patching tied to Disney/Pixar’s *Elio* film release.

The **Prevent Blindness ASPECT Patient Engagement Program** continued to expand its impact and reach, elevating the voices and experiences of individuals living with eye disease and vision loss, as well as their caregivers and allies, and helping to inform programs, advocacy, and policy initiatives.

EDVI Early Detection of Vision Impairments for Children Act

Prevent Blindness took the opportunity to educate the public on a variety of children’s vision issues around the release of the Disney/Pixar film, “*Elio*.” In the movie, the main character Elio wears an eye patch as the result of an eye injury. Eye patching is also common as a treatment for amblyopia.

This year also saw the creation of the **Prevent Blindness Diabetes + the Eyes Advisory Committee**, uniting experts in ophthalmology, optometry, public health, and patient advocacy to guide our work addressing diabetes-related eye disease.

As part of our continued commitment to public education, our affiliates conducted thousands of screenings and educational events nationwide, reaching families and communities with life-changing eye health information.

Our impact this year was significant:

- **1.3 million children** received vision screenings, with **138,000 referred** for follow-up care, and **22,000** receiving free exams and eyeglasses.
- **88,000 adults** were screened, with **28,000 referrals** and **10,000** individuals receiving free eye care and glasses.
- Our educational programs and webinars reached nearly **1 million people**, and our online content, social media, and media outreach reached more than **3.75 million** nationwide.

Throughout the year, Prevent Blindness and its affiliates trained thousands of school nurses, pediatric nurses and staff and a range of volunteers with the nation's premier training and certification program for children's vision screening.

Our annual **Person of Vision Gala** – a cornerstone of our fundraising efforts – was another milestone, honoring **Howard Purcell, O.D., F.A.A.O., president and CEO of the New England College of Optometry**. The event raised more than **\$300,000** to support our sight-saving programs. We extend our appreciation to our Platinum Sponsor, **EssilorLuxottica**, and our many other event sponsors, for helping make it possible.

All these achievements underscore the strength of our network and the power of collaboration. Together, we are building a future where no one's potential is limited by vision loss.

To our donors, corporate partners, foundations, affiliates, and volunteers: thank you for standing with us. Your generosity and commitment make our work possible. As we look to 2026 and beyond, we remain steadfast in our mission and optimistic about what we can achieve together.

With appreciation,

Jim McGrann
Board Chair

Jeff Todd
President & CEO

Our Donors

(Fiscal Year April 1, 2024 – March 31, 2025)

Includes cumulative giving to Prevent Blindness and its Affiliates in Georgia, Iowa, North Carolina and Ohio.

\$250,000+

Nina Pulliam Legacy Society

The Nina Pulliam Legacy Society recognizes all those who have included Prevent Blindness in their estate plans within the past ten years. It is named after longtime supporter Nina Mason Pulliam whose estate gift founded the Society. Through gifts in wills, trusts, insurance policies, retirement plans, or other forms of planned gifts, Pulliam Society members create a lasting legacy to ensure eye care for future generations.
